Faculty Senate General Education Committee
Subcommittee on Transfer Courses

Standard Practices for Considering Student Petitions
(Accepted: October 10th, 2006)

1. Petitions to accept courses taken at another accredited institution of higher education to count as multicultural/international will be considered. Such courses must
   a. Be accepted by the UNLV Registrar as credit towards graduation.
   b. Be equivalent to an existing UNLV course listed as multicultural/international on the approved list (www.unlv.edu/committees/gec), and/or meet the goals and outcomes of the multicultural/international core.

   A course from another institution that is approved for one student will be considered approved for all students, unless otherwise noted.

2. Petitions with inadequate documentation will not be considered by this committee, but will be returned to the student with a request for complete information. This documentation includes
   a. A full course description from the institution’s catalog or website.
   b. A Transfer Course Evaluation (TCE) form, filled in completely.
